Our Synergy

Xanadu Consulting

Consulting

An executional consultation boutique tailored for technology companies and service companies in the MENA region offering tailored business development services. We don't just strategize; we execute.

Strategic Advisory

A structured service designed to overcome critical market challenges like launching new products, scaling businesses, or expanding into new markets.

Outsourced Sales and BD

End-to-end sales support for B2B tech companies, including pipeline management, CRM integration, and achieving measurable ROI.

Market Launch

Your partner to unlock the opportunities in MENA region for your product or service with insider knowledge and established networks.

Our Differentiators

Executional Focus

We don't just create strategies; we work alongside clients to execute them

Proven Track Record

Backed by 15+ years of success across different markets, industries and products

Tailored Solutions

Customized strategies for tech businesses, emphasizing adaptability and iteration

Measurable Results

Clear deliverables and milestones with a focus on achieving tangible outcomes

Our Expertise: Fintech · E-commerce · SaaS · Digital Transformation

Xanadu Sport

Sport

A leading sports consulting boutique, specializing in sports sponsorship, event management, athlete representation, and youth development programs. We bridge the gap between brands, athletes, and local markets to create unique, impactful experiences in the sports ecosystem.

Sports Commercial Partnerships

Connecting brands with top athletes, sports clubs, academies, and celebrities for global visibility and impactful partnerships.

Official Player Representation

Managing football players' careers and commercial opportunities, including contract negotiations and endorsement deals.

Gaming & E-sports Management

Engage younger, tech-savvy audiences through e-sports sponsorships, influencer partnerships, and live-event engagements.

Sports Facility Management

World-class sports facilities management ensuring optimal experiences for athletes and fans.

Sports Tech Solutions

Innovative tech solutions to enhance fan interaction, boost performance, and streamline operations within the sports ecosystem.

Our Differentiators

Local Market Expertise

Deep understanding of local market dynamics and global sports trends

End-to-End Solutions

Comprehensive solutions for brands, clubs, and athletes

Exclusive Partnerships

Strong partnerships with global sports organizations and local brands

Bringing global sports opportunities to the MENA region

Soft

Xanadu Soft

A systems integrator specialized in bringing global technology solutions to local businesses across the MENA region. We provide tailored solutions that drive digital transformation in sectors such as Hospitality, Retail, Logistics, and Legal.

Software Development & Outsourcing

Tailored software development and outsourcing solutions, delivering scalable and high-performance applications.

ERP Implementation

Streamline operations through seamless ERP integration and customization, automating processes and improving data flow.

Property Management Systems

All-in-one hospitality platform for bookings, channel and rate management, boosting occupancy and revenue.

Legal Clinics Management

Cloud-based legal management for cases, documents, and billing—streamlining workflows and enhancing client service.

Influencer Management

All-in-one platform to manage creators—discover talent, run campaigns, and automate payouts for scalable growth.

Our Differentiators

Local Market Insight

Deep understanding of local market needs combined with international expertise

Global Partnerships

Exclusive partnerships with global tech providers like Cloudbeds, Clio, and InfluencerHero

Proven Track Record

Delivered 1,000+ successful projects across five MENA countries

Bridging Technology and Local Business Needs
